SOUTHERN PACIFIC TRANSPORTATION CO.	SP	21
UNION PACIFIC R.R. CO.	UP	18
UNITED STATES	UNITED STATES	1

Accounting and Reporting Changes

1. In 1986 there were 18 Class I railroads and 16 Class I systems reporting to the ICC as opposed to 25 in 1985. The reduction in number of reporting Class I's is due to: (i) the declassification of Elgin, Joliet & Eastern Railway Company to a Class II railroad; (ii) the purchase of the assets of Chicago, Milwaukee, St. Paul & Pacific Railroad Company by the Soo Line Railroad Company; and (iii) the consolidation of Class I railroad reporting under a single corporate entity for the following railroads:

CSX Transportation:	Baltimore & Ohio Railroad, Chesapeake & Ohio Railway, and Seaboard System Railroad, Inc.
Norfolk Southern Corp.:	Southern System, and Norfolk & Western Railroad
Union Pacific Railroad:	Union Pacific Railroad, Western Pacific Railroad, and Missouri Pacific Railroad

2. In 1986, the ICC eliminated the requirement for Class I railroads to report Net Railway Operating Income (NROI) (Line 102) on a retirement-replacement-betterment (RRB) basis. Therefore, RRB information (Lines 102 and 103) are no longer reported in the Analysis.

3. During 1986, a number of railroads recorded adjustments to their accounts to reflect special charges for the diminished value of certain assets and the cost associated with programs to reduce employee levels. Special Charges for each railroad are as follows:

Railroad	Pretax Special Charge (million)
ATSF	$312.8
BN	352.5 [a]
ICG	412.0
KCS	54.0
SOO	82.0
SP	491.1
SSW	106.9

[a] Excludes $335.8 million (net of tax) in "Cumulative Effect of Changes in Accounting Principles."

4. The UP recorded a pretax charge of $659.7 million in "Unusual or Infrequent Items", which is included in NROI.

5. The NROI figures shown on Line 5 and 115 of the Analysis are based on financial results which include the effects of "special charges". The figures shown for NROI on Line 116 exclude the effects of "special charges". The latter figures were taken from the Interstate Commerce Commission (ICC) Ex Parte No. 472 - Revenue Adequacy - 1986 Determination decided August 12, 1987.

6. Average Net Investment and Return on Investment (ROI) have been computed on two different bases. The average net investment shown on Line 113 is based on 1986 Annual Report R-1 data reported to the ICC. The figures shown on Line 117 were taken from Ex Parte No. 472 and represent net investment reduced by accumulated deferred tax reserves. The net investment figures cited in Ex Parte No. 472 are based on R-1 data with the exception of those for the Boston & Maine, Conrail, Delaware & Hudson, and Chicago & North Western which are based on predecessor values. ROI figures shown on Line 8, 118, 278, and 290 are based on Ex Parte No. 472 and exclude the effects of special charges.

NOTE: The Analysis is also available on diskette.

Notes and Comments

(1) NROI - As reported to the ICC in R-1 annual reports, includes the affects of special charges (see Accounting and Reporting Changes p. iii.).

(2) ICC Rate of Return - Ex Parte No. 472 - Revenue Adequacy - 1986 Determination, decided August 12, 1987.

(3) Lines 366 and 368 were estimated for CRC, D&H, GTW, CSX, ICG, CNW, and SOO.

(4) Data for the Boston & Maine Railroad was revised subsequent to the publication of Freight Commodity Statistics. Revised data and totals are included herein.

(5) Carloads carried are the sum of freight originated and terminated, originated and delivered, received and terminated, and received and delivered. CSX includes the combined reports of B&O, C&O, and SBD and NS those of N&W and SRS which results in some double counting.

(6) Total fuel consumption for D&H was estimated by the railroad and is not included by type (lines 747 and 749).

UNION PACIFIC R.R. CO.	UP	18
UNITED STATES	UNITED STATES	1

* R-1 DATA FOR THESE TWO RAILROADS WAS NOT AVAILABLE FOR INCLUSION IN THE ANALYSIS AT TIME OF PRINTING.

ACCOUNTING AND REPORTING CHANGES

1. The *Analysis* for 1987 excludes R-1 data which was not available at time of printing for Boston and Maine Corporation (B&M) and the Delaware and Hudson Railway Company (D&H). However, the *Analysis* does include wage and employment statistics for both railroads and commodity statistics for D&H.

2. The ICC eliminated parts of R-1 Schedule 750 (Fuel Consumption) and Schedule 755 (Operating Statistics) in 1987. As a result, Lines 696 - 699 are blank and Lines 754 - 778 have been deleted.

FOOTNOTES

(1) Line 5, Net Railway Operating Income (NROI) is based on reported financial results which include "special charges". During 1987, only one railroad, Norfolk Southern Corporation (NSC), recorded a special charge (see footnote 4 below for details).

(2) Lines 8, 278, and 290, ICC Rate of Return, and Lines 116-118, ICC Revenue Adequacy Data, are based on workpapers supporting the Interstate Commerce Commission's Ex Parte No. 476 Revenue Adequacy Decision. The figures shown on these lines were computed, with the exception of CRC and CNW, using financial information reported in the carriers R-1. Specifically, Line 116, NROI, was based on reported data as adjusted to exclude "special charges". Only one carrier, NSC, had special charges in 1987. Line 117, Average Net Investment, was based on Line 113, Average Net Investment, reduced by the average balance in the deferred income tax liability account (Line 83). The figures for Lines 116 and 117 for CRC and CNW were estimated by the AAR and reflect the effects of predecessor investment values and related expenses.

(3) Line 14, Average Employment, includes the wage and employment statistics for the Boston and Maine Corporation (B&M) and the Delaware & Hudson Railway Company (D&H).

(4) During 1987, NSC included in its operating expenses a $620.4 million "special charge" comprised of a $525.4 million charge for restructuring costs and a $95.0 million charge to reflect an increase in the reserve for casualty claim liabilities.

(5) Lines 366 and 368 were estimated for CRC, GTW, CSX, ICG, CNW, MKT, SOO, SP, and SSW.

(6) Line 374, Total Track Miles of Welded Rail Installed to Date, has been revised from prior years to more accurately reflect actual amount of welded rail installed.

(7) Line 528, Total Carloads Originated and Line 529, Total Tons Originated, exclude the B&M and D&H in the US and EAST totals.

(8) Line 713, Total Carloads Carried, equals the sum of freight originated and terminated, originated and delivered, received and terminated, and received and delivered. The Norfolk Southern total is the sum of Norfolk and Western and Southern System data, which results in some double counting.

SEE PAGE 16 FOR EXPLANATION OF FOOTNOTE.

FOOTNOTES

(1) Line 5, Net Railway Operating Income (NROI) is based on reported financial results which include "special charges". During 1987, only one railroad, Norfolk Southern Corporation (NSC), recorded a special charge of $620.4 million.

(2) Line 8, 278, and 290, ICC Rate of Return, and Lines 116-118, ICC Revenue Adequacy Data, are based on workpapers supporting the Interstate Commerce Commission's Ex Parte No. 476 Revenue Adequacy Decision. The figures shown on these lines were computed, with the exception of CRC and CNW, using financial information reported in the carriers R-1. Specifically, Line 116, NROI, was based on reported data as adjusted to exclude "special charges". Only one carrier, NSC, had special charges in 1987. Line 117, Average Net Investment, was based on Line 113, Average Net Investment, reduced by the average balance in the deferred income tax liability account (Line 83). The figures for Lines 116 and 117 for CRC and CNW were estimated by the AAR and reflect the effects of predecessor investment values and related expenses.

(3) Line 374, Total Track Miles of Welded Rail Installed to Date, has been revised from prior years to more accurately reflect actual amount of welded rail installed.

(4) Line 528, Total Carloads Originated and Line 529, Total Tons Originated, exclude the B&M in the US and EAST totals.

(5) Lines 533-647 exclude B&M's FCS data which was not available at time of printing.

(6) Line 713, Total Carloads Carried, equals the sum of freight originated and terminated, originated and delivered, received and terminated, and received and delivered.

(7) Line 747, 750, and 753 were estimated for B&M and D&H by the AAR.
